DETAILED ACTION

This is a reply to the Applicant's amendment submitted on 10/10/2006. By virtue of this amendment, claim 7 is cancelled; thus, claims 1-6 and 8-9 are currently presented in the instant application.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it must be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's representative, Harold L. Marquis on 10/30/2006.

The Examiner's Amendment includes:

CLAIMS:

Claim 1, line 6, insert --the--, in front of "vernier's";

Claim 4, line 2, change "heater/cooler" to --cooler/heater--;

Claim 8, insert -- input--, in front of "main";

Claim 8, line 8, change "heater/cooler" to --cooler/heater--; and

Claim 9, line 8, replace "of the" with --in-- and

delete "circuitry".

Allowable Subject Matter

1. Claims 1-6 and 8-9 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The closest prior art fails to disclose or fairly suggest:

- a) A device for supplying a signal delayed by a predetermined period, the device including a feedback loop for maintaining the temperature of the vernier at a constant level, in combination with the remaining claimed limitations, as called for in claim 1;
- b) A method, in which the temperature is maintained by using a heater/cooler having a low temperature resistance contact with the venier's package, in combination with the remaining claimed limitations, as called for in independent claim 8; and
- c) A method, in which the temperature is maintained as close to the ambient temperature as possible so as to reduce extra heating of the temperature stabilizing circuitry, in combination with the remaining claimed limitations, as called for in independent claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
